

The [Transition Resource Guide](#) (TRG) website is an essential tool to support students with the transition to post-secondary school. The TRG has everything students need to know about accessibility and other essential resources at Ontario's publicly funded post-secondary institutions. As we approach the end of the school year, students who are planning to begin post-secondary school in the fall could benefit from using the TRG to support their successful transition to college or university.

To make it easier to share this valuable resource with students, the TRG has a **new resource package with promotional and support materials for teachers, guidance counsellors and other school staff** to print and share with students and in schools. Please feel free to forward this email and share this resource with your colleagues!

The package can be downloaded from the "Important documents" page on the Transition Resource Guide website linked here: <https://www.transitionresourceguide.ca/documents>

Check out this [1-minute YouTube video](#) for a brief overview of the TRG!

Free, Online Post-Secondary Prep Program for ALL students in Ontario

Finally, we are excited to let you know that the team at the Regional Assessment and Resource Centre, who created and manages the Transition Resource Guide, has recently developed a free, online post-secondary prep program called Equipping Yourself for Educational Success in Ontario's Post-Secondary Education (EYES-ON-PSE). Through this program, students will learn about:

- What to expect at post-secondary
- Practical skills and strategies for post-secondary success
- What resources are available

This program will be available and open to student registration in the coming weeks. This is a great program to share with your students who are planning to begin post-secondary in the fall. Please keep an eye on the TRG homepage or sign up for an email reminder [here](#), for when EYES-ON-PSE registration opens.

Please be sure to like and follow the TRG on social media to stay up to date on all things TRG and EYES-ON-PSE!
